

GREECE

Drugs, Behavior, and the History of Neuroscience in Athens, Greece

HEALTH

2018 | Summer Session I

Courses

- PSYC 181GS: Drugs & Behavior
- PSYC 193GS: Neuroscience, Psychology, and Pharmacology of Antiquity

What are Global Seminars?

UCSD Global Seminars are 5 week long, summer study abroad experiences led by a UCSD professor. Students enroll in 2 English-taught courses (8 UCSD quarter units) and class sizes are between 15–28 students. Global Seminars provide a unique way to earn credit for your major, minor, GEs, or college requirements, all while exploring a new country and culture.

Program Highlights

- Covers the history, nomenclature, classification, and mechanisms of major psychoactive drugs
- Visit Kos, the birthplace of modern medicine as well as a modern pharmaceutical factory
- Appropriate for students interested in health sciences and pre-med
